## NORTH OAKLAND

*Sights, Sounds, & People from the Recent to the Deep Past*

1. Aug 12, 2008 - On Tuesday
2. afternoon, I walked to
3. the library, almost nine
4. months pregnant. I'd just
5. stopped riding my bike
6. the week before. While in
7. the library, active labor
8. started, and my son was
9. born two days later. I
10. brought him back to the
- Golden Gate Branch for
- baby bounces with Claire,
- and for Summer Reading
- Programs, and for his
- first library card, the
- week he turned five.

**Thanks for making history!**
